Alfa Romeo 6C 2500 S Pininfarina Conv.

1947

Gallery

(Matching numbers: chassis: 915464 - engine: 926286) The summum in immediate postwar elegance! I am very proud to enter another very elegant 6C Convertible into my stock. Well known in the Alfa circles and listed in the Anselmi book (6C 'bible'), this 1947 Pininfarina 2500S Convertible is indeed a very rare beauty. Originally sold to a South African customer, this 6C benefited all her life from a dry climate, which, when imported back to Italy some years ago, made the restoration straightforward and worthwhile. Perfectly restored by renown make connoisseurs, amongst which f.i. Bonfanti, in Italy, the actual presentation is still smashing. Proven reliability and quality in several big & prestigious rallies + concours d'elegance awards. Rare Italian chic at a realistic budget.

Brand	Alfa Romeo
Model	6C 2500 S Pininfarina Conv.
Year	1947
