Alvis Speed 20SC Vanden Plas Tourer

1935

Gallery

Chassis : 12128 Vanden Plas : 3369 From the fantastic Alvis Speed 20 Vanden Plas collection I could buy in California, this SC is certainly the best allround tourer. Extremely sound body and chassis. From presentation, you could qualify this car as being in a sort of "original look". Perfect wood structure and panels covered with a very old and cracked paint but with superb patina. Now equipped with a Jaguar XK engine, but with original Alvis 6 cylinder engine available. Original 4-speed synchromish box still fitted. An easy restoration would result in a top and fantastic original Speed 20 Vanden Plas Tourer.

Brand	Alvis
Model	Speed 20SC Vanden Plas Tourer
Year	1935
Steering	Right (RHD)
