Alvis Speed 25 Charlesworth DHC

1938

Gallery

I could not resist to use this magnificent car for the biggest annual classic car rally in Brussels "Le Rally de Bruxelles" on May 20th. I had a lovely day in and around our capital using the most pittoresk roads. I met many of my classic car friends and customers and...won the trophy of "Best Classic"! A glas of champagne at the end was the ideal way to conclude this excellent and succesful event. Alvis Speed 25 DHC 6 cylinder ; 3,5 L engine with 3 SU carbs. Was totally restored by Alvis-specialist approx 5 years ago. Runs perfectly. Has covered 1000 km in 1 day last week! Full history known.

Brand	Alvis
Model	Speed 25 Charlesworth DHC
Year	1938
