Austin Healey 3000 MKIII

1965

Gallery

This big Healey was totally restored in our workshop a couple of years ago. Finished in the attractive Ice blue colour with dark blue leather trim and dark blue mohair hood, the Healey did practically not run at all after this costly restoration. A set of chrome 72 spoke wire wheels with 185 x 15 Avon tyres complement nicely the attractive big Healey appearance. We are mounting at the moment a Getrag 5-speed box and intend to fit in the same go, a set of bumpers to the car. Mechanically, the nicely detailed engine compartment, not only looks great, but also behaves fantastically when tested on the road. What a splendid sound from the SS-exhaust ! The previous owner invested probably twice our asking price in this car... So, here is your chance to buy this attractive MKIII Healey at a tempting 40.000 euro

Brand	Austin Healey
Model	3000 MKIII
Year	1965
Steering	Left (LHD)
