Bentley Mulsanne

1987

Gallery

- SOLD -

With pleasure I have taken in stock the 1988 Bentley Mulsanne S which belonged from new to one of my regular Belgian customers, who sadly died last summer. He bought this Mulsanne on 15/12/87 from the Belgian RR & Bentley dealer Cauwels in Eeklo and paid 7.321.330 BF (nowadays approx. 181.500 euro). My customer was spoiled with exclusive modern supercars + an impressive collection of classic cars and used this Bentley Mulsanne as a town car usually chauffeur-driven. That is why he ordered this Mulsanne in LWB (3.161 mm instead of the standard 3.061 mm wheelbase), of which only 61 ex. were produced, with rear cocktail cabinets and picnic tables, refrigerator in the bootcompartment, hide headlining, wood veneer on doors, etc... for his personal comfort. Always well maintained and after nearly 20 years with only 145.000 Km. on the clock, still in simply superb condition, this Bentley Mulsanne is a dream to drive and enjoy. Discreetly finished in two tone Champagne and Moorland green and standing on the sporty light alloy Bentley wheels. Somptuous interior in magnolia leather with deep woolen carpets. This original Belgian Bentley Mulsanne S is now available for the connoisseur who undoubtedly will enjoy lots and lots of future classic transport in this limousine.

Brand	Bentley
Model	Mulsanne
Year	1987
Steering	Left (LHD)
