# Ferrari Dino 246 GT/L

1970

Gallery

Very early Dino with bonnet, doors and bootlid in aluminium. Fitted with Rudge Wheels and plexi headlamp covers as were the 150 first produced 246's. Originally sold to French Ferrari importer Pozzi, who needed this car for homologation in France. Excellent original condition with original black vinyl interior. Low original milage (77.000 km). Beautiful early Dino in extremely sound and well cared for condition.
