Jaguar E-type SI Coupé

1965

Always exciting to find an original Belgian sportscar in good presentation, with cristal clear history and having covered reasonably low kilometres since new. Still in original colour combination of opalescent green and lovely patinated original suede green leather. The previous owner made sure this fabulous E-type was kept in excellent mechanical order. Test-driving her was a real pleasure ! A great find which I could pass on, after only 1 day in my possession, to one of my enthusiast Brussels' customers. I wish him lots of pleasure with his newly acquired E-type !
