Jaguar MK IV 3,5 L

1948

Gallery

It is very unusual to find a Jaguar MKIV 3,5 L in LHD form and from new a Belgian vehicle ! The more this MKIV is beautifully preserved and still mostly original. The grey coachwork matches very well the extremely beautifull red leather interior which is in a splendid original condition. On the road, this elegant saloon is a delight to drive. Very comfortable and with all the power one wishes for. It is the second time, I own this beauty in 10 years time and I am sure I will be able to put the sign SOLD beside this offer very soon.
