## Jaguar XJS 4.0

1993

---

Gallery

Jaguar XJS 4.0 Convertible 1993 LHD Most Jaguar sportscar enthusiasts agree that when the XJS is concerned, the best choice is the 4.0 liter version. Preferably with the 5-speed manual gearbox and if possible the convertible variant (only 1.852 ex produced). This is exactly the model wich arrived recently into our stock but with a series of other very strong additional assets. - Just 2 owners from new. - Having covered only 61.000 Km from new. - Totally original. Still with very shiny original paint in Regency Red, with very clean original Doeskin leather interior and beige mohair hood. - Sold new in Belgium (original sales invoice from well known Jaguar dealer Dolf De Ridder & Zonen). - Very well documented with complete service documentation. This Jaguar XJS Convertible is absolutely ready to go and will offer instantly very relaxed open top motoring to her 3-rd owner. You?

Brand	Jaguar
