Lancia Aurelia B20 GT 6th series

1957

Gallery

Lancia Aurelia B20 GT VI-th series 1957 RHD Lancia Aurelia's are an "ever green" in the classic car world and, as my customers and friends know, one of my favourite classic cars. Everybody at my classic car garage, which has, when it comes to these famous Lancia's, built-up over the years a strong reputation, was very pleased to see this VI-th series Aurelia arrive into our stock. This VI-th series Aurelia is simply a beauty and runs absolutely perfect ! This Aurelia was apparently sold new in the UK (Mist's Garage - Birmingham) and between 1990 and 2005 very well taken care of by former British owners. A comprehensive history file contains many, many bills and photographs of the bare metal and full mechanical restoration executed by specialist Peter Harding from Hampshire. Structure, body, paint, upholstery, mechanical presentation, road behaviour... all these caracteristics can only be qualified as TOP! Not surprising to notice that to celebrate the 50th anniversary of the Aurelia, the June 2000 edition of Classic & Sportscar magazine choose this beautiful Aurelia as a bright star for this reportage. From 2005 she resides in Belgium in the hands of a dedicated enthusiast and my classic car garage could ensure her follow-up. As can be seen from the photographs, this Aurelia still demonstrates a sparkling presentation inside-out. Having benefitted from a full restoration in the past and thanks to the powerful 2,5 litre V6 engine combined with the typical transaxle mechanical lay-out, driving this 6th series Aurelia can only be described as sensational. Maybe the Aurelia acquired over the last 15 years just a gentle touch of patina now, but, in my opinion, this only makes her more attractive! Are you in the market for a top-class Aurelia? Well, search no further: Here she is!

Brand	Lancia
Model	Aurelia B20 GT 6th series
Year	1957
