MASERATI

Maserati 3500 GT Touring

1961

Sold

Full house

In my classic car career I didn't need to play poker to get some excitement, but this time I am very excited to inform you that I have "a full house" in hand:

- a top-brand: Maserati
- very stylish 3500GT Touring design. Perfectly useable as an everyday classic.
- in excellent, totally original and in a very charming fully functional condition.
- best colour combination: silver metallic with red leather interior. Both practically undamaged but with splendid patina.
- last owner had this Maserati for 42 years! He bought the car remembering seeing Maserati works driver Cesare Perdisa, who had a Maserati dealership in his home-town Bologna, driving this car with Prova number plates.
- still with Italian BO (Bologna - the home town of Maserati) metal number plates.

Conclusion: yes, one can easily find a wreck or an average Maserati 3500GT to restore, or even a perfectly restored car… But never again a totally original, undamaged, superbly charming, fully functional Maserati 3500GT with this provenance!

Are you lucky in poker?

Brand	Maserati
Model	3500 GT Touring
