Mercedes-Benz 220 Convertible A

1953

Gallery

Mercedes-Benz 220 Convertible A 1953 LHD This Mercedes-Benz model is, together with a 300S, considered by many as one of the most elegant classics of the post war in-house automobile production. The 220 Convertible A is on top of that also a very practical and most enjoyable classic. That is why this model, of which only 1.278 examples were produced, is very much sought after by classic car enthusiasts who wish to use their classic on a regular basis and with a minimum of hustle. The Convertible A was the most exclusive open variant in the W187 product range, Mercedes-Benz's line of 6-cylinder luxury cars in the early 50-ies. Exclusive looks, excellent comfort and good performances from the 2,2 liter 6-cylinder in line. This 220 A was sold new in Portugal and had only 3 owners from new. Each of them took very well care of this Mercedes-Benz. The result is a very presentable, well serviced convertible, showing just a little bit of patina. Very pleasing color combination of dark blue body with somptuous dark red leather interior and black mohair hood. If you are looking for an easy to use, super elegant convertible, look no further! This Mercedes-Benz 220 Convertible A will fullfill all your dreams... and how!
