MG TA

1937

Gallery

- SOLD -

This car belongs to my friend and well known "Liege-Rome-Liege" rally organiser,Alain Defalle. He surnamed this rare MG TB : "Black Terror". I am not sure wether the driver or the spectators are subject to this terror, but black it is indeed. This prewar MG was for a long time his true companion and this charming tourer completed faithfully last years "Circuit des Ardennes" and the rather sporty 2-days event "National Classic Tour". This MG really wants to be driven and does so very swiftly. Her condition is charming with some lovely patina, but do not enter her at the Pebble Beach concours. Just drive the damned thing and enjoy, so that the terror continues to be spread. A lot of pleasure (and potential for the meticulous-ones amongst you) for a very realistic price.

Brand	MG
Model	TA
Year	1937
Steering	Left (LHD)
