Alfa Romeo Giulietta Spider Veloce

1959

Galerie

Alfa Romeo Giulietta Spider Veloce 1959 LHD The Alfa Romeo Giulietta is considered by many as THE post-war Alfa Romeo masterpiece! Indeed; general concept, styling and mechanical sophistication were TOP for that era. The "sexy" Spider, coachbuilt by Pininfarina, has all the advantages of open top motoring but offers at the same time the dynamic roadqualities of the Sprint. Something which is certainly true for this rare and sought after Veloce variant, offering even more power (90 HP), thanks to 2 double Weber carburettors and accordingly tuned engine. Only 2.800 Giulietta Spider Veloce's were built. This genuine Spider Veloce (Tipo: 10107 - Chassis: AR 1495 09854 - Engine: AR 1315 * 31956 *) is the best Giulietta I have seen and driven for quite a while. Very easy to describe: absolute concours condition & super road behaviour! My selling price represents for sure only 1/2 of what the total, nut and bolt, restoration costed! This sought after Giulietta Spider Veloce could be yours for : TOO LATE !!!! (At the Gooding & Co March 2011 Amelia Island auction exactly the same model sold for 99,000 USD...!)

Marque	Alfa Romeo
Modèle	Giulietta Spider Veloce
Année de construction	1959
