Alvis Speed 20SA Vanden Plas Tourer

1932

Galerie

Chassis : 9873 Vanden Plas : 1812 In the fantastic Alvis Speed 20 Vanden Plas collection I could secure in California, this SA model is without contest, the purest one. Admire the beautiful sweeping lines of the vintage style long sloping wings and the generally, perfectly balanced lines of the body. Good sound chassis with strong body and totally original mechanical set up. Any Alvis enthusiast will feel his hands start itching when inspecting this car ! What a project !
