Austin Healey 3000 MKII A

1964

Galerie

Beautiful lowchassis lines but upgraded to MKIII specification for engine performances, dashboard and door handles and locks. Restored by ourself 3-4 years ago to 100 + points. Some more goodies by Swiss Healey magicien with rack & pinion steering and Getrag 5 speed box. The best Healey around for sure ! Pay for the whole car a fraction of the restoration cost.

Marque	Austin Healey
Modèle	3000 MKII A
Année de construction	1964
Volant	Gauche (LHD)
