Jaguar E-Type SI 1/2 2+2 Coupé Auto

1967

Galerie

Did you dream about an E-Type for daily use? This is the one ! Completely restored at huge cost by a Jaguar Drivers' Club member approx. 10 years ago (photographic documentation available). Used in the meantime by one of our very enthusiast customers who persists in driving winter & summer one of his classic cars. To make all this possible, we support him by following up closely his classic car collection in our specialised classic car workshop. Also this E-type 2+2 Coupé came in on a regular basis. Apart from traditional maintainance work, we treated this classic Jaguar with waxoil before each winter. After winter we gave her a meticulous inside-out washing up. This way, this E-type has aged allmost unnoticed and is still in superb condition. The combination of champagne metallic over a superb grey/blue leather interior is very attractive. The wide rim chrome wire wheels stand out very nicely. Mechanically this 4,2 liter powered Jaguar feels very modern on the road. The automatic box shifts smoothly and contributes positively to an overall very relaxed and effortless drive.

Marque	Jaguar
Modèle	E-Type SI 1/2 2+2 Coupé Auto
Année de construction	1967
Volant	Gauche (LHD)
