We are very happy to welcome back this black beauty in our stable ! Admit that this masterpiece of automotive design, from the pencil of the incredibly talented Jaguar boss William Lyons, is superb from any angle. The more this XK 120 FHC is an original Belgian car in most original condition showing some lovely patina. We improved in our workshop several aspects of the car just before we sold her to one of our fanatic Jaguar customers. Now that she is back, we intend to seize the opportunity to do some more work (detailing of the engine bay, new wiring loom, cylinder head overhaul and some small cosmetic improvements). You fell in love with her on first sight, we take care at the moment of the spotless second sight, so that your love story goes on and on once you decided to buy this beauty...
