Was there ever a more stylish Jaguar than this XK120 Coupé? Classic car connoisseurs rightly recognize in this beautiful Jaguar Coupé the elegant lines of the Bugatti T57 Atalante, which is considered as one of the masterpieces of our automotive heritage. In my 20 year career, I was lucky to be able to buy several XK120 Coupé's. This particular FHC came into our hands in 2005 after a part-exchange transaction with a French collector. After inspecting our new acquisition in our classic car workshop, it was immediately clear to us why this Jaguar had such an excellent reputation amongst the French Jaguar enthusiasts. Not only was this XK completely and properly restored by a well reputed Jaguar specialist, even better, some intelligent upgrades were executed at the same time. XK 150-type disc brakes were fitted and a smooth 5 speed Getrag gearbox replaced the old Moss box. Further more the cosmetic presentation in sage green with beige leather, especially in this variant with disc wheels and rear spats, is very attractive. Because the restoration dates from approx. 10 to 15 years ago, the slight touch of patina, acquired over years of gentle use, adds to the whole car an obvious charm, which makes this stylish Jaguar even more difficult to resist... Meticulously maintained by us over the last couple of years, this XK120 FHC represents surely an opportunity not to be missed.
