Riley Woody

1932

Galerie

Professionally converted in the 40-ies in a unique and very charming woody estate. "Delightfully scruffy" condition on an extremely sound basis. Perfect country side lifestyle appearance. Enormous potential "as is" or could easily be upgraded to smarter condition. Apparently only 2 Woody estates were known over the years by the Riley Register and this car is the only one remaining. A unique opportunity to own an elegant, practical and typical British prewar woody estate for an affordable price.

Marque	Riley
Modèle	Woody
Année de construction	1932
