What a wonderful feeling when I could snatch up this super elegant Rolls Royce which belonged for most of its life to the world famous movie star and sex symbol Brigitte Bardot. The car and Brigitte Bardot were during my youth separately the object of my admiration. Now I can enjoy the combined pleasure by watching this magnificent car in my garage ! This Rolls Royce Mulliner Park Ward Coupé is in a super original condition. The chocolate brown paint has just this little bit of patina which is so charming on classic cars and even so attractive is the beige leather interior. Not many Rolls Royces were built in this Continental lay-out, which initially was primarily reserved for Bentley cars. Apparently, only 40 were equipped with LHD-steering. Admire the exuberance of the "Chinese Eye" frontal headlamp display and the "wild" pointed wings at the rear ! Gunther Sachs offered this super exclusive Coupé to his beloved Brigitte Bardot, do you have someone in mind ? A delightful Rolls Royce at only 75.000 euro
