Vauxhall 30/98 Wensum Tourer

1925

Galerie

Vauxhall 30/98 Wensum Tourer 1925 RHD This vintage Tourer has it all! Beauty - Power - Rarity. The 30/98 was Vauxhall's topmodel and only 599 examples were produced. Most of them found their way to Australia where a very active Vauxhall agent succeeded in selling a great number of 30/98. Amongst those also chassis OE 162, which probably, Vauxhall apparently didn't keep records on how each chassis was coachbuilt, was shipped over as a rolling chassis and coachbuilt in Australia. In the 60-ies this particular 30/98 came back to the UK where it could be seen as a regular competitor in VSCC events wearing at that time a beautifully elegant, sporty and light Wensum Tourer body. In the successive years very well reputed Vauxhall specialists in the UK took care of a complete rebuild of chassis (using a replacement chassis provided by the Owners Club) and mechanics. The last owner himself took care of a very meticulous, concours condition, cosmetic restoration. Admire with me the beautiful minimalistic lines of this Vauxhall 30/98 on the enclosed photographs. Or even better, come over to see 'in the flesh' what a beauty she is. This will also allow you to take this 30/98 for a test-drive. I can assure you that her power and refinement will not disappoint! Price: ASK

Marque	Vauxhall
Modèle	30/98 Wensum Tourer
Année de construction	1925
