Alfa Romeo GT junior 1300 Bertone Coupé

1968

Galerij

With this stylish Coupé, now in my garage, a boys' dream came true ! Till very recently, this Alfa Bertone Coupé was still in sunny Italy. That is why she has no signs of the slightest corrosion whatsoever and is even still in her original very smart looking dark green paint. All kind of typical wear signs prove the 70.000 km on the KM-counter are correct. The beautiful beige vinyl interior is allmost like new. What could be expected after admiring the superb original cosmetic condition of this Alfa, is an evenso impressive driving sensation. The engine is very lively and has for sure, all the 103 HP which should be there still in house. The 5-speed gearbox shifts very smoothly. Superb road behaviour and no rattles whatsoever. An Alfa in a condition, you do not find anymore...

Merk	Alfa Romeo
Model	GT junior 1300 Bertone Coupé
Bouwjaar	1968
