Aston Martin DB2/4 MKI DHC

1955

Galerij

What a pleasure for me to be able to buy yet another DB2/4 convertible ! Certainly when it is one of the sought after LHD versions. A Dutch enthusiast took care of chassis and body restoration + full mechanical rebuild. Before I could announce this rare Aston Martin DHC for sale on my website, one of my loyal classic car friends snatched the Aston up for his own collection. Visitors of our restoration workshop will notice this Aston to be finished for him in the next few months. I am really happy I could place this interesting Aston Martin with him in such a straightforward way apparently to everyones satisfaction.

Merk	Aston Martin
Model	DB2/4 MKI DHC
Bouwjaar	1955
Stuur	Links (LHD)
