1927

Galerij

Totally, the full 100%, original Bugatti which sold new to England by Bugatti importer Malcolm Campbell and remained for 60 years in the Dutton family. Ivan Dutton and now his son Tim Dutton are THE Bugatti specialists in the UK. This T35A belonged to the grandfather. So, the cars full history is known. With this T35A (chassis 4664) comes a very positive report by THE Bugatti expert Mr. David Sewell. An important piece of motoring history and in an exceptional state of originality (very, very difficult to find nowadays on vintage Bugatti 'Grand Prix' models!).
