Jaguar XK 150 3.4 Roadster 1958 LHD The ideal Jaguar rally car for this summer! Our classic car workshop overhauled the engine, fitted a 5-speed Getrag gearbox and original hydraulic power steering + alternator. At the same time we installed an alloy radiator + Kenlow fan + expansion tank. Bucket seats for better lateral comfort, louvres in the bonnet for better cooling and sporty looks, a luggage rack for extra space and charm. Very well sorted Jaguar XK, which proved to be a very reliable historic rally car (Halda tripmaster still fitted), looking very smart and absolutely ready to go!

Merk	Jaguar
Model	XK 150 3.4 Roadster
Bouwjaar	1958
